EXPERIENCE

Walmart, Moss Bluff, Louisiana — Produce Associate

June 2020 - August 2021

Stocked produce shelves ensuring that produce was fresh. Assisted customers in finding products in the produce section and throughout the store. Maintained cleanliness of department and work area, including the stockroom. Displayed items for sale both inside and outside the store. Prepared section for closing at the end of the day.

Rouses, Moss Bluff, Louisiana — Produce Associate

October 2018 - February 2019

Stocked produce shelves ensuring that produce was fresh. Assisted customers in finding products in the produce section and throughout the store. Maintained cleanliness of department and work area, including the stockroom. Displayed items for sale both inside and outside the store. Prepared section for closing at the end of the day.

Waitr, Lake Charles, Louisiana — Driver

March 2018 - June 2018

Delivered customer orders from various restaurants throughout town quickly and efficiently. Ensured that orders were correct and food safety standards were met. Maintained communication with the home office in order to handle orders as efficiently as possible, and when needed for problems with orders. Maintained good working relationships with regular restaurants and regular customers.

LEADERSHIP/COMMUNITY INVOLVEMENT

Engineering Design — *Prosthetic Hands*

As part of an Engineering Design class, I spent part of a summer on a team that designed and built prosthetic hands for a couple of local children.

Avenue of Flags — *Orange Grove Cemetery*

Participate twice a year, displaying more than 1000 flags for the day in the cemetery as a memorial to those who have served our country.
